

Rotini 140X140

The Rotini Collection is an addition to Aqua's trademark silk lighting collections. Ayala Serfaty developed a new horizontal pendant lamp that comes in a series of three different sizes that are very versatile to suit various requirements and to be fit in various spaces, from residential to public. The harmony of this collection lies in its classic forms and sensual movements. With the new silk collection Aqua is launching five additional silk colors that were inspired by the Earth and its materials. In that spirit, the new silk colors are called Coal, Stone, Shell, Sand, and Redwood.
