

Tokonoma

15x30

Design by Albi Serfaty & Eitan Ben Tovim

The inspiration for this collection came from Tokonoma, a Japanese style reception area in which objects for natural and artistic appreciation and inspiration are displayed. The Tokonoma lamps were created in the spirit of such objects.

The collection is refined and strikes through understated aesthetics and contemporary design.

The materials used are handmade felt for the shades, and wood for the supporting stands. Aqua's artisans make the felt in four different finishes, using the finest merino wool and pure silk. Each finish represents one of the four seasons; Haru for Spring, Natsu for Summer, Aki for Autumn and Fuyu for Winter. The wooden stands are shaped by digital wood carving. The lamps are powered by digitally dimmable LEDs, operated and controlled by touch.

100-240 V Model
12W. LED Light source.
3000K (warm white).
Constant current LED driver.
Touch switch dimming.
UL Classified pending

Dimensions

. 15cm / 6" .

. 22cm / 9" .
